Labor Description

Electrician

Years Experience: Must have completed the apprenticeship program of 4 years with at least 2,000 hours of On the Job Training.

Responsibilities: Performs a variety of electrical trade functions such as the installation, maintenance, or repair of electrical equipment, transformers, switchboards, controllers, circuit breakers or other components and systems. They work from blueprints, drawings, layouts, or other specifications; locating and diagnosing the problem. They use a variety of hand tools and testing equipment. All electricians follow state and local building codes and the NEC when performing their work. All of our electricians have OSHA 10 and the foreman have OSHA 30.
